

Golden Theme

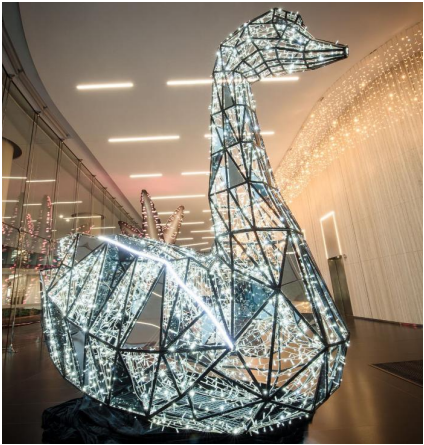

1		Height 2m, Dia 1.55m	Golden theme Height 2m 3D pinecone motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			There will be a base below products to be used for placing on the ground.
2		Height 2m, the top diameter 1.7m	Golden theme Height 2m 3D acorn motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate+plastic xmas balls Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			1. There will be a base below products to be used for placing on the ground. 2. The price for 1pc acorn
3	 	The arch part height 3.7m, width 7m, diameter 0.6m. The base diameter 1m, height 0.2m	Golden theme Height 3.7m 3D walk through arch Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate+PVC garlands+xmas balls+iron plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
4	 	The total height 3m. Base height 0.45m, base diameter 2m. The dimensions of the cone refer to the drawing	Golden theme Height 3m 3D christmas tree+decorations Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate+PVC garlands+xmas balls+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			1. There are 5 shapes of cones in different sizes, 3pcs per shape. 2. The price for all items shown in picture.

5		The outer diameter 2m, inner diameter 1.2m.	Golden theme Diameter 2m 3D christmas wreath Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate+PVC garlands+xmas balls+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			There will be a base below products to be used for placing on the ground.
6		Height 2m, diameter 0.8m	Golden theme Height 2m 3D christmas decoration Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate+PVC garlands+xmas balls+steel plate Lights color: Warm white+White Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			There will be a base below products to be used for placing on the ground.
7		The deer height 2.5m, width 1.3m, thickness 0.3m. The clock diameter 2m, thickness 0.3m.	Golden theme Height 2.5m 3D christmas deer+clock motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			The price for 2 deers+1 clock

8	 	The total height including tree is 2.6m. The bus length 4m, height 1.95m. The fallen tree length 2.5m, height 0.85m	Golden theme Height 2.6m 3D christmas bus motif lights Materials: Iron frame(metal surface golden powder coating)+led string lights+rope lights+PVC garlands+xmas balls+iron plate Lights color: Warm white+White Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			Visitors can sit in the bus.
9	 	The total height including tree is 2.5m. The car length 4m, height 1.4m. The fallen tree length 2.5m, height 0.85m	Golden theme Height 2.5m 3D christmas car motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+PVC garlands+xmas balls+steel plate Lights color: Warm white+White Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			Visitors can sit in the car.
10		Height 2.5m, length 2.5m	Golden theme Height 2.5m 3D reindeer motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
11		Height 3m, length 3m	Golden theme Height 3m 3D reindeer motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

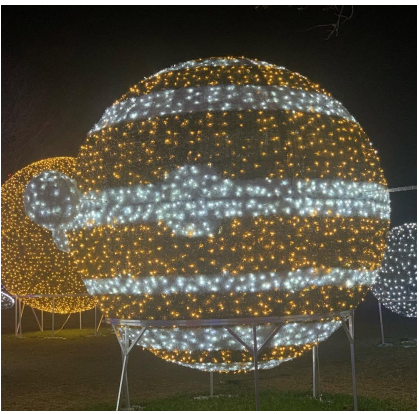

12		The machine height 3m, width 1.4m The snowflake 1m size	Golden theme Height 3m 3D lifting machine+snowflake motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
13		The height including base is 2m. The snowflake height 1.85m	Golden theme Height 2m 3D snowflake motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
14		Height 2m, width 1.4m, thickness 0.3m	Golden theme Height 2m 3D harp motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: White Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
15		Height 2.5m, length 4m, the distance between the wings is 2m.	Golden theme Height 2.5m 3D dragon motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: White+warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

16		Height 2.5m, length 4m, the gift's height 1.2m	Golden theme Height 2.5m 3D lion+christmas gift motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
17		Height 2.5m	Golden Height 2.5m 3D lion motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
18		Length 7m, width 2.5m, height 6m	Golden theme Height 6m 3D boat motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white+White Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
19		Height 3m, Tree trunk base diameter 0.8m, width 3m	Golden theme Height 3m 3D tree motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

20		Height 2m, length 2m, width 0.9m	Golden theme Height 2m 3D swan motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			Could make color in warm white color, the mirror plate could be made in golden color
21		The deer height including bottom frame is 2.5m. The deer height is 1.8m, length 2m. The sleigh length 2m, height 1.5m, width 1.1m	Golden theme Height 2.5m 3D reindeers(3pcs)+sleigh (1pc) motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+acrylic mirror plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			The price for 3 reindeers+1 sleigh
22		Height 3m	Golden theme Height 3m 3D Christmas lantern motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
23		Height 3m	Golden theme Height 3m 3D Christmas lantern motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input- 220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

24		Height 3m	Golden theme Height 3m 3D Christmas lantern motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
25		Height 5m	Golden theme Height 5m 3D Pavilion motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
26		Height 4m, bottom diameter 1.8m	Golden theme Height 4m 3D tree motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
27		Height 4m	Golden theme Height 4m 3D walk through Christmas ornament Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+acrylic mirror plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

28		Height 2.5m	Golden theme Height 2.5m 3D angel motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
29		Height 4m	Golden theme Height 4m 3D Pavilion motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
30		Height 3m Height 2.6m Height 1.7m	Golden theme Height m 3D candles motif lights Materials: Steel frame(metal surface golden powder coating)+led string lights+rope lights+steel plate Lights color: Warm white Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
Space						
31		Dia 5m	3d Earth Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

32		Dia 4m	3d Planet Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
33		Dia 4m	3d Planet Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
34		Dia 4m	3d Planet Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
35		Height 4m	3d Moon Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

36		Height 5m	3d Rocket Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
37		Height 5m	3d Rocket Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
38	 	Length 6m	3d spaceship Materials: Steel frame(metal surface powder coating)+led string lights+rope lights Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
39		Height 2.5m	3d UFO Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			

40		Height 5m	3d Planets Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
41		Height 3.5m	3d comet Materials: Steel frame(metal surface powder coating)+led string lights Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
42		Height 2.5m	2d astronaut Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug			
43		Height 2,5m	2d astronaut Materials: Steel frame(metal surface powder coating)+led string lights+rope lights+pvc tinsels Lights color: As image Voltage: Input-220V,output-24V Transformers: Meanwell power supplies Waterproof: IP65 Plug: Euro plug
